Rubbish has been a real issue the past few years. Describe the kind of rubbish your stall is likely to generate, and how you plan to reduce and dispose of your waste. We have a "no glass" policy and expect all stalls to take their rubbish with them.

Do you require power? If yes, how many Amps will you need? _____

Note:

- Non- food stores will have power for lighting only, and this will be limited to 2 amps, unless other arrangements are made with the co-ordinator. Definitely no appliances.
- Stallholders must provide their own tagged lead and tagged power board.
- All leads, power boards, lights and appliances must be currently tested and tagged.

Terms, conditions, and other handy hints...

- The market site will be open for setting up on Friday 4th May from 10am. Be aware that Nimbin village is still doing business as usual on Friday, and again on Monday.
- Your stall must be set up by 8am Saturday 5th May.
- Please be aware that no vehicles are allowed on site after this time.
- Stalls must be packed down and off site by Sunday night, 6th May.
- Although Nimbin MardiGrass will provide security, you alone are responsible for your property.
- No dogs or other non-native animals are allowed on site. Please leave your pets with a carer for the weekend.
- This is also a night market, so stallholders must be willing to trade into the evenings.
- Stalls usually close around 9-10pm, but you are welcome to trade longer.
- Please make sure that you minimise the amount of electricity you use.
- Choose lower electricity lights rather than spotlights. Halogen lights or flood lights will not be allowed. There are plenty of reasonable alternatives. Please make sure that your electrical equipment is tested and tagged before you arrive and you have plenty of extension leads & large cable ties to affix cords to your stall. Power leads cannot be threaded through marquee frames but must be loosely suspended by cable ties so they can be easily removed in an emergency.

PRODUCTS THAT ARE NOT ALLOWED:

- Any Pepsi-Co or Coca Cola product
- Toy guns or other child's pretend weapons
- We hope your products can be displayed with a minimum of packaging & all waste is minimized. Recycling is a priority.
- Please be aware that this list is not complete. If there are any issues, the coordinator will contact you upon receipt of this application.

PAYMENTS:

Payment for stalls is to be made in full by the 1st April 2018. Your stall will NOT be confirmed until payment is received. No stall fees will be collected at Mardigrass.
